Ming-Tse Lu

Fearnot · Security · Network Ops · Community

SUMMARY

Security-focused student who also runs networks and tech education in southern Taiwan. 1st place, Cyber Security, 55th National Skills Competition (Southern Regional); 2nd place, high school division, InfoSec Taiwan CTF 2025.

EDUCATION

National Fengshan Senior High School 2023 – 2026

EXPERIENCE

Lead Organizer & Network Admin SCIST 2024 – 2026

- Led the 5th and 6th terms. Runs a 2,700+ member community, raised over NT$300,000 from tech companies through written proposals, and ran a free year-long security and algorithms program for 200+ students with 20+ high school computer clubs in southern Taiwan.
- Built the SCIST Discord bot: students claim roles with a code and admins grant roles in batches, removing most manual admin work.
- Network administrator for the 5th and 6th terms, running the community's network and services.
- Ran booths at SITCON and HITCON, with a quiz-maze mini game I designed and built.

Instructor, Security Outreach Course SCIST 2024 – 2026

- Started a security outreach course so more students in under-served southern Taiwan can get into security.

Venue Team Lead SITCON 2026 2025 – 2026

- Ran venue operations for the conference and is planning the southern SITCON Hour of Code.
- SITCON 2025, venue floor team lead: registration, on-site logistics, catering and supplies.
- SITCON Camp 2025, operations lead: lodging and venues.

AWARDS & CERTIFICATIONS

1st place, Cyber Security, 55th National Skills Competition (Southern Regional) 2025

2nd place, high school division, InfoSec Taiwan CTF 2025 2025
